Aging: Old French Oak Barrels, Concrete Vessel
& Stainless Steel

Wine Analysis: **Alc** 13.2%
TA 4.8 g/l
RS 2 g/L
pH 3.4

TASTING NOTE

A wine style driven by fruit, flavour and balance. The wine is lead by aromatics of fresh pear, peach, apricot and hints of honeycomb and white flowers. The palate follows stone fruit and a lovely fresh, textured and soft finish. This wine makes for a great food companion paired with most white meat dishes, cuisine with flavours of nut as well as creamy dishes.

VINTAGE REVIEW

We experienced good winter rains, which hint at the return to normality after the drought. The season started well with favourable growing conditions which produced our impressive crop. The wines are showing very well with a good balance of acidities and wonderful fruit expression - from the moderate to cool ripening period.
