### Description:

The appearance has a vibrant bronze hue with slight pink undertone. Aromas of pear drops and flint leads to an mouth coating texture and depth of flavors which elegantly balance the fresh acidity and low alcohol level.

### Vintage Review:

An excellent cold winter but with less than ideal rainfall. The growing season started off rather fast with the warmer conditions and drier soils. Lack of wind and rain during flowering produced an excellent crop for the vintage. The growing season was hot and dry up until the end of harvest. Whites are rich with hints of oiliness and reds are soft textured with ripe fruit notes.
